Chain of Custody Record

DF-010 Module 3 activity template. Record every handover at the time it happens. A handover that is not written down did not happen.

Case ID: _____ **Date opened:** _____

Item description: _____ **Make / model:** _____

Serial number: _____ **SHA-256 of item or image (if any):** _____

#	Date and time (with time zone)	Handed over by (name, role, signature)	Received by (name, role, signature)	Location	Where stored	Reason for transfer
1						
2						
3						
4						
5						

Activity: complete this form for a USB drive handed from a manager, to an IT officer, to a lab. Make up sensible names, dates and a serial number. Notice that every handover needs its own row, and that an unexplained gap between rows is a problem.
